1. Please describe how each child reacted to the main lesson. Which children seemed to be the most interested? What captured the child's interest? Is there anything about the lesson you would have changed?
2. What I learned **about** the children I worked with today:
3. What I learned **from** the children I worked with today:
4. What I learned about myself today:
5. What I had difficulty with, but managed to figure out on my own.
6. What I will do differently next time so that I am a better tutor:
